NEWS, ADVICE AND OFFERS | APRIL 2024

On-peak hours change May 1

If you are on the SRP Time-of-Use, Electric Vehicle or one of our solar price plans, higher-priced (on-peak) hours are 2-8 p.m. Monday through Friday. If you participate in the SRP EZ-3 Price Plan™, there is no seasonal change to on-peak hours. SRP continues to offer among the lowest energy prices in the Southwest. We have flexible price plan options to help you save money and match your household budget, lifestyle and energy use needs.

To learn more about any of our price plans, visit srp.net/priceplan or call **(602) 236-8888**.

Water-saving tips for your business

As one of the Valley's leading suppliers of water, SRP reminds you that saving water is a beautiful thing. Here are some tips to help you get started:

- Replace inefficient fixtures with EPA WaterSense® labeled products.
- Get a commercial water audit.
- Reduce landscape water use by converting lawns to xeriscape.
- Post water-saving tips in your employee newsletter

For more water-saving tips, visit srp.net/conservation.

Put fuel costs in the rearview mirror

If you are on the SRP Time-of-Use or Electric Vehicle plan, let SRP help transition your fleet to electric vehicles. You could even receive up to \$20,000 for completing a fleet conversion study. Transforming your fleet is a proven way to lower operational costs and cut your company's carbon emissions. SRP also offers rebates on EV chargers. Get up to \$4,000 for each Level 2 charger you install and \$20,000 for each DC fast charger.

See rebates and learn more at srp.net/evcharger.

April is Water Awareness Month

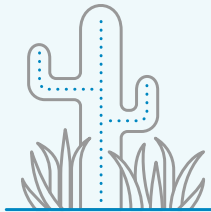

It's no secret that water conservation is key in the Valley. That's why SRP, the Arizona Department of Water Resources, the Arizona Municipal Water Users Association and hundreds of water conservation partners around the state invite you to celebrate Water Awareness Month this April.

Experts at SRP are carefully monitoring and managing the Valley's water supply every day. Get an inside look at the critical work they're doing by visiting srp.net/waterexpert.

BUY ONE, GET ONE FREE

DID YOU KNOW?

SRP HAS SAVED 92M GALLONS OF WATER SINCE 2020

At SRP, we're working every day to deliver on our 2035 Sustainability Goals so we can continue to meet the water and power needs of the Valley for generations to come.

We're committed to reducing our carbon footprint, conserving natural resources, modernizing and securing our grid and engaging the communities we serve.

Learn more about our goals and read the full 2023 Sustainability Report at srp.net/2035.
