

# Lupe Conchas

CANDIDATE NAME

## Board

POSITION

## District / Division 4

VOTING AREA

### CANDIDATE INFORMATION

**My name is Lupe Conchas, and I am running for the Salt River Project Board of Directors to ensure electricity and water remain reliable, affordable, and accessible for the people who depend on them every day.**

**I have proudly served on the Alhambra Elementary School District Governing Board for the past five years, where I have worked to protect public education, manage limited resources responsibly, and advocate for families. In 2024, I was elected by my community to serve as City Councilman for the City of Glendale’s Cactus District. In every role I have held, my guiding principle has been simple: put people first. This race is deeply personal to me. I have experienced firsthand the hardship of living without reliable power or running water. Those experiences shaped my understanding of how essential utilities are to dignity, health, and opportunity.**

**Today, as a new homeowner, I see my own electric bills continuing to rise, and I know many families across Glendale, Maryvale, and South Phoenix are facing the same challenges. As a Glendale City Councilmember, I have consistently voted against water, trash, sewer, and utility rate increases when they place an unfair burden on residents. I believe in responsible budgeting, transparency, and exhausting all options before passing costs on to ratepayers. I will bring that same consistency and accountability to my service on the SRP Board.**

**This campaign is about accountability, affordability, and representation. I am running to be a strong advocate for ratepayers and to ensure SRP continues to serve our communities with integrity and fairness.**
