

**EXHIBIT H
EXISTING PLANS**

In accordance with Arizona Administrative Code R14-3-219, the Applicant provides the following information:

To the extent applicant is able to determine, state the existing plans of the state, local government, and private entities for other developments at or in the vicinity of the proposed site or route.

Planned Area Developments

Information regarding each existing Planned Area Development (PAD) near the Salt River Project Agricultural Improvement and Power District (SRP) proposed South Mountain Transmission Project (SMT Project or Project) was gathered during meetings with and input from the City of Phoenix, Maricopa County, and meetings with developers and stakeholders. PADs and future expansion plans in the area surrounding the proposed Project components are administered by the City of Phoenix and Maricopa County. Included in this exhibit are PADs that are generally defined as proposed developments that have filed an application for a permit or have been permitted but not built or occupied completely. Some planned developments of which SRP is aware also are included.

The PlanPHX 2025 General Plan (City of Phoenix General Plan) identifies cores, centers, and corridors in each village as a step towards incorporating the concept of connectivity. The City of Phoenix General Plan designates the area in Laveen Village centered on South Mountain Loop 202 Freeway (Loop 202) bound by 59th Avenue to the east, 63rd Avenue to the west, Piedmont Road to the south, and Dirt Drive to the north as a Primary Core. More specifically, the City of Phoenix has identified areas west of Loop 202 as desirable locations in Laveen Village for major development including the development of an industrial and tech park to accommodate warehouse and office uses to attract high-wage jobs in technology, bioscience, light manufacturing, finance and other office and industrial uses.

In addition, the Project is located in the City of Phoenix South Mountain Tech Corridor. The City of Phoenix General Plan has also identified tech corridors as a step towards incorporating the concept of connectivity in the city. Planning within and adjacent to the identified corridors will help ensure that existing employment centers and corridors can continue to thrive. “Ensuring the sustained growth of the city’s existing employment centers and corridors will require a renewed commitment to collaborate with employers and the community on the land use, zoning and infrastructure decisions needed to support continued investment” (City of Phoenix, 2024d). The City of Phoenix General Plan has implemented several land use policies that support the continued growth of the City’s existing and emerging tech corridors.

Anticipated growth along the South Mountain Tech Corridor, will result in a greater demand for power than SRP originally forecasted. Potential customers in this area will need a high level of reliability and immediate availability of the power delivery system to meet development schedules. SRP supports long-term economic development in the communities it serves by providing reliable power to its customers.

SRP needs to site additional transmission facilities to support the expected rapid growth in Laveen Village.

There are currently 30 permitted or proposed PADs within the area of the Project components depicted on **Figure H-1**. The PADs have been categorized on **Figure H-1** as follows:

- **Completed / On-going Construction:** Part of the development has been completed and is open, and there is still active construction going on to finish the development and complete occupancy.
- **Under Construction:** The development is in active construction but not open or occupied.
- **Permits Issued:** Permits have been issued by the City or County.
- **City Rezone:** A rezone application has been filed or approved.
- **Planned:** No applications have been filed with the City or County, but there are public site plans provided by a developer or the City or County.

Each PAD and plan are further described in **Table H-1**. The information included in **Figure H-1** and **Table H-1** was obtained from the City of Phoenix Planning and Development Services Department, the Maricopa County Planning and Development Department, and discussions with developers. All information was confirmed with the City of Phoenix Planning staff for confirmation.

Table H-1 includes a PAD Identification (ID) number which is included on **Figure H-1**, the PAD name, a general description of the PAD or plans, the status, the case number, and the jurisdiction. Case numbers are not available for some early-stage PADs or plans.

Table H-1 Planned Area Developments					
PAD ID	PAD Name	Description	Status	Case Number	Jurisdiction
1	Dobbins Industrial and Tech Park Phase 1	Industrial and technology business park that allows warehouse and office uses to attract high-wage jobs.	Under Construction	Z-1-21-7	City of Phoenix
2	Envision Dobbins 202 West	Industrial/commerce park that provides quality employment opportunities in Laveen Village.	City Rezone	Z-73-22-7	City of Phoenix
3	Dobbins Industrial and Tech Park Phase 2	Industrial and technology business park that allows warehouse and office uses to attract high-wage jobs	Multiple Permits Issued	Z-1-21-7	City of Phoenix
4	The Crossing at Dobbins	Mix of uses including commercial, employment,	Multiple Permits Issued	Z-35-21-7, GPA-LV-3-21-7	City of Phoenix

South Mountain Transmission Project

Table H-1 Planned Area Developments					
PAD ID	PAD Name	Description	Status	Case Number	Jurisdiction
		hospitality, and multi-family residential.			
5	Laveen Baseline LLC	Multi-family residential development on the northern half of the site and a public school on the southern half.	City Rezone	Z-42-23-7	City of Phoenix
6	Laveen Baseline LLC + Banner Health	Medical facility.	City Rezone	Z-47-19-7	City of Phoenix
7	Ash Pointe	Multi-family residential development.	County Permit Issued	B202400728	Maricopa County
8	Laveen Spectrum Multifamily	Residential housing development.	Under Construction	Z-12-20-8	City of Phoenix
9	Laveen Spectrum Sub-area 2	Mix of commercial and residential uses.	Multiple Permits Issued	Z-12-20-8	City of Phoenix
10	Laveen Spectrum	Mix of commercial and retail uses.	Completed/On-Going Construction	Z-12-20-8	City of Phoenix
11	Laveen Park Place Phase II Retail	Movie theater and multi-family housing development.	Multiple Permits Issued	PHO-4-21 - Z-47-19-7	City of Phoenix
12	Laveen Park Place - Ascend at South Mountain	Single-family rental community.	Under Construction	PHO-2-21 - Z-47-19-7	City of Phoenix
13	Laveen Park Place - Hawkins Apartments	Multi-family apartments.	Under Construction	PHO-3-21 - Z-47-19	City of Phoenix
14	Village at Carver Mountain	Single-family rental community.	Under Construction	Z-79-01, Z-42-21	City of Phoenix
15	Weylyn Apartments	Multi-family apartments.	Completed/On-Going Construction	Z-41-21-7	City of Phoenix
16	NEC 59th & Dobbins	Mix of commercial uses.	City Rezone	PHO-1-20-Z-62-02-7	City of Phoenix
17	Laveen Towne Center	Large-scale retail uses.	Planned		City of Phoenix
18	The Matrix at Dobbins	Mix of commercial and residential uses.	City Rezone	Z-45-22-8	City of Phoenix
19	Laveen Leadership Academy & City Park	Public school development on the northern half of the site. City-owned parcel in parks department.	Planned		City of Phoenix
20	Liv South Mountain	Mix of multi-family units and commercial uses.	Multiple Permits Issued	Z-23-23-7	City of Phoenix
21	Isola at 202 and Elliot	Multi-family residential development.	Under Construction	PHO-1-24 - Z-22-21-8	City of Phoenix
22	Elliot 202 West - Mixed Use	Mix of light industrial, office, and employment uses.	Multiple Permits Issued	Z-72-22-8	City of Phoenix

PADs or plans potentially crossed by or adjacent to each route in order from south to north are included in **Table H-2** below:

Routes	PADs/Plans
South Routing Area	
Route S1	1 - Dobbins Industrial and Tech Park Phase 1, 2 - Envision Dobbins 202 West, 3 - Dobbins Industrial and Tech Park Phase 2, 4 - The Crossing at Dobbins, 5 - Laveen Baseline LLC
Route S2	2 - Envision Dobbins 202 West, 3 - Dobbins Industrial and Tech Park Phase 2, 4 - The Crossing at Dobbins, 5 - Laveen Baseline LLC
Route S3	4 - The Crossing at Dobbins, 5 - Laveen Baseline LLC
Route S4	17 – Laveen Towne Center, 29 – NWC 59th Ave & Dobbins, 15 – Weylyn Apartments, 14 – Village at Carver Mountain, 13 – Laveen Park Place - Hawkins Apartments, 12 – Laveen Park Place - Ascend at South Mountain, 11 – Laveen Park Place Phase II Retail
Route S5	4 - The Crossing at Dobbins, 5 - Laveen Baseline LLC
Link Options	E to F: 2 - Envision Dobbins 202 West, 4 - The Crossing at Dobbins F to G: 4 - The Crossing at Dobbins, 17 - Laveen Towne Center H to I: 4 - The Crossing at Dobbins, 14 – Village at Carver Mountain
North Routing Area	
Route N1	6 - Laveen Baseline LLC + Banner Health, 7 - Ash Pointe, 8 - Laveen Spectrum Multifamily, 26 - Maricopa Community College District
Route N2	6 - Laveen Baseline LLC + Banner Health, 9 - Laveen Spectrum Sub-area 2, 10 - Laveen Spectrum
Route N3	11 - Laveen Park Place Phase II Retail, 28 - Laveen Park Place Phase I
Route N4	11 - Laveen Park Place Phase II Retail, 28 - Laveen Park Place Phase I

Planned Road Improvements

Road improvements planned by the Arizona Department of Transportation (ADOT), Maricopa County Department of Transportation (MCDOT), and City of Phoenix within the vicinity of the Project are described below.

The Phoenix Street Transportation Department (PSTD) is in the planning and pre-design phase of a project that would improve the transportation network along West Dobbins Road. The improvements would extend east approximately four miles from Loop 202 to 27th Avenue, starting approximately 1,000 feet east of the Project. The goals of the project are to reduce traffic congestion, improve safety for pedestrians and bicyclists, and increase access to public transit. Improvements also would address drainage issues and mitigate flooding conditions. The design phase is anticipated to begin in August 2024, with the construction phase anticipated to begin in July 2027 (City of Phoenix, 2024a).

Through discussions with developers and the City of Phoenix, SRP is aware that there are upgrades planned for 63rd Avenue in the vicinity of the Project. The City of Phoenix will require private developers on the parcels adjacent to 63rd Avenue to develop and expand the existing 63rd Avenue south of Baseline Road.

Potential Effects

The Project is located in the South Mountain Tech Corridor and the Laveen Village Primary Core where there is significant planned growth. The PADs in the area will create a mix of land uses, which aligns with the City of Phoenix's General Plan designation of a tech corridor. The proposed 230 kilovolt (kV) transmission lines are necessary to support Laveen Village's growth.

While the new transmission lines would require a new right-of-way (ROW) on PADs, they have been routed to minimize impacts to PADs and planned developments by routing along linear features. SRP would work with developers and property owners to minimize impacts by routing on the edge of property and along such the existing linear features as roads, Loop 202, property boundaries and the Laveen Area Conveyance Channel (LACC). Where possible, adjusting the ROW width, specific pole placement and structure configuration would all be considered to minimize impacts.

Route S4 crosses Dobbins Road on the east side of Loop 202. The Project will be in the vicinity of the improvements on Dobbins Road that are planned by the PSTD. SRP will coordinate with the City of Phoenix and PSTD through the engineering and design phase to avoid impacts to this road's improvements. The Project would not cause damage to or hinder the road improvements.
