

SRP COMMUNITY PARTNERSHIPS

We work here. We live here. We give here.

SRP was founded by the community coming together. Today, our Community Partnerships organization continues that legacy by developing purposeful partnerships in areas where SRP has a presence.

Corporate Giving

SRP is proud to support the diverse communities where we live and work. In 2023, we gave more than \$4.7 million to over 300 nonprofit organizations across the state.

BASIC NEEDS

We support organizations that help our neighbors meet their basic needs, including food banks, shelters, youth and workforce development programs.

PROVIDING 1 MILLION MEALS THROUGH UNITED FOOD BANK

In January 2024, SRP was recognized as a “Million Meals Club” partner. We have provided 1,478,506 meals since 2010.

“United Food Bank is immensely grateful for SRP’s outstanding commitment to alleviating hunger in Arizona. We proudly recognized SRP as a member of our new Million Meals Club, a select group of partners who have helped provide at least 1 million meals in their lifetime of giving.”

— Jason Reed, President & Chief Executive Officer, United Food Bank

QUALITY OF LIFE

We believe a well-rounded community is a strong community. That's why we support three key areas that enhance quality of life in the Valley: arts and culture, public and civic engagement, and the environment.

CELEBRATING LOCAL ARTS

SRP's support of the Heard Museum's public programs allow our community to be inspired and educated on Indigenous arts and celebrate our diverse community.

EMPOWERING FUTURE LEADERS

SRP's support of community leadership programs including Hispanic Leadership Institute, African American Leadership Institute, Asian Corporate & Entrepreneur Leaders, and various cities help to identify and develop future community leaders with diverse backgrounds.

CHAMPIONING ENVIRONMENTAL STEWARDSHIP

SRP's support of Liberty Wildlife's STEM-based educational outreach programs provide education to the students and community on how to live sustainably and the history and important role of native wildlife in Arizona.

Education Resources

Along with our partners, we support the leaders of tomorrow and future employees by investing in their education in the areas of STEM, safety and the environment.

PREPARING OUR FUTURE WORKFORCE

- SRP contributes more than \$2 million annually to education programs throughout Arizona, impacting more than 200,000 students.
- Last year, SRP provided \$250,000 in direct classroom funding for teachers through our Classroom Connections grant programs.
- Over the past year, 18 education professional development workshops were offered and over 500 educators participated.

"Teach For America Phoenix is so grateful to SRP for their generous support over the past 25 years. Their financial support has allowed us to grow our footprint in the Phoenix community, impacting over 60,000 students in Arizona every day."

— Steve Erickson,
Executive Director,
Teach for America

Community Events

SRP strives to cultivate a workforce that reflects the communities in which we live and work. We attend and host nearly 700 community events each year in support of our customers and our community partners.

During the 2023 Mexican Baseball Fiesta, SRP recognized four local nonprofits for their impact in the community. During this event, SRP also provided attendees with information about SRP careers and customer programs.

Safety Signature Program

SRP's safety campaign, Safe.Strong.SRP., helps keep families and children safe around water and electricity by providing vital information online, at community events and through workshops.

INCREASING WATER AND ELECTRICAL SAFETY

- 250,000 people reached annually
- 364 life jackets and 1,717 swim lessons donated to community pools each summer
- 16 pool fences donated and installed in 2023
- Annual Electrical Safety Workshop provides training on the safest ways to work around power lines

"Phoenix Children's Hospital and SRP are longtime partners in providing innovative water safety programs for the state of Arizona. With the support of SRP, Phoenix Children's has been able to expand water safety injury prevention efforts to reduce the number of drownings in Arizona."

— Angelica M. Baker, Phoenix Children's Hospital Injury Prevention Manager

Employee Giving & Volunteerism

See how our employees spent their time volunteering and giving in 2023.

VOLUNTEERISM

The SRP Volunteers Program helps our employees, retirees and their families get involved with community-based organizations in need of assistance.
